

# TECHNICAL DATA SHEET

## Antifoam-010

**Antifoam-010** is a water based defoamer which shows already at low dosage excellent results.

**Antifoam-010** consists modified polymers.

**Antifoam-010** doesn't contain any alcohols.

**Antifoam-010** is ready to use and can be added directly to water based systems..

### Properties:

Apperance	:	White
Density	:	0.90 g/cm <sup>3</sup>
Shelf life	:	12 months

### Application Field:

Universal usage. Especially suitable for waterbased systems.

### Advantages:

1. Easy to use.
2. Low dosage.
3. High temperature stability.

### Application:

**Antifoam-010** can be added directly to water based systems. Dosage between 0.01 – 1.0%. We recommend for first trails a minimum dosage of 0.05 %.

### Further Information:

Product technical information and data is based on the best information available and does not constitute or imply a warranty or patent infringement of any kind. The user is responsible for testing product suitability prior to use in production.
